PROFILE

Currently a software developer student in my final year, I'm looking forward developing and improving my skills and making memorable experiences through internships, I hope we can work together!

EDUCATION

POLYDISCIPLINARY FACULTY OF BENI MELLAL

2020 : Baccalauréat Sciences Mathématiques option A Biof

2023 : Deug in Mathematical Sciences and Computer Science (SMI)

2023 - Present : Bachelor in Mathematical Sciences and Computer Science (SMI)

ACADEMIC PROJECTS

LIBRARY MANAGEMENT SYSTEM WITH C

- C Language, Data Structure

A console-based library management system developed using C that allows you to manage books, borrowers, and authors. This application allows you to easily add, update, and delete information simply and straightforwardly.

PORTFOLIO WEBSITE

- HTML, CSS, JavaScript

DROID

- Java OOP

I created multiple instances of a Droid class for my personal project and made good progress understanding the basics.
